

International Organization of
Physical Therapy in Mental Health

**World
Physiotherapy**

SUBGROUP

[The International Council of
Physiotherapy in Psychiatry and
Mental Health | IC-
PPMH \(ioptmh.org\)](http://www.icppmh.org)

The IOPTMH wants to bring the contribution of physical therapists in mental health into the spotlight. It is important for society, for the client, for the physiotherapy profession as well as the relationship with other professionals to create and strengthen a culture of physiotherapy in mental health.
